

Aragon Construction begins 37,418 s/f proj.

NEW YORK, NY Aragon Construction has recently begun working on the new Manhattan world headquarters for leading international executive search firm Christian & Timbers. The company has outgrown their current space at 1177 Sixth Ave. and will be taking over the entire 3rd floor consisting of 37,418 s/f, just down the block at 1166 Sixth Ave. The move-in date is scheduled for April 20.

Working together with principal Max Kawer of The Switzer Group, Aragon is altering the 3rd floor, which belonged to existing tenants Marsh & McLennan Companies, a global advice and solutions firm.

According to Aragon president Alex Getelman, "The challenge will be to do this as expeditiously as possible in order to make their April 20 move-in-- there is very little time but that's where our expertise becomes an advantage."

Christian & Timbers, represented by Joe Fabrizi of Cushman & Wakefield, signed a 10- year lease for their new global headquarters in New York. This will be the firm's largest office worldwide, housing 93 employees with room to grow.
